---

PROJECTS

Amazon-inspired cloned E-Commerce Website Live demo🔗

Tech Stack: React

Developed a responsive e-commerce platform modeled after Amazon with dynamic routing, reusable components, and product listing pages.

Apple-Inspired Product Landing Page Clone Live demo🔗

Tech Stack: React

Developed a visually rich Apple iPhone landing page clone using React.js, Vite, Tailwind CSS, and GSAP, featuring smooth scroll animations, interactive transitions, and modern UI components for an engaging user experience.

EXPERIENCE

Web Development Intern - Internz Learn (Remote, 2024)

- Designed and developed responsive web pages using HTML5, CSS3, and JavaScript (ES6+)
- Collaborated in Agile teams using version control (Git, GitHub) and participated in daily stand-ups
- Implemented DOM manipulation, event listeners, and interactive UI features for user engagement
- Assisted in deploying frontend applications and debugging browser compatibility issues

---

CERTIFICATIONS

- Certified in Web Development – Internz Learn and NoviTech (2024)
- HTML5, CSS3, JavaScript Course – LetsUpgrade (2024)
- React: The Complete Guide (incl. Next.js, Redux & Tailwind CSS) – Udemy, by Maximilian Schwarzmüller (2025)
